

I absolutley could not do without K-LOVE. I listen to it everyday, all day long. My T.V. is only on for 2 hours a day because I have children. The rest of the time we listen to K-LOVE and my whole family learns of our Christ at the same time. I have several neighbors in my apartment complex who listen as well. I would feel so lost without K-LOVE. We use it everyday to keep our eyes on Jesus where they need to be. They give us so much through this station. I believe we NEED K-LOVE as much as we want K-LOVE. They reach so many people each year through their station that might not have been saved otherwise. We hear of so many people calling because they switched to K-LOVE station just by chance and it changed their lives that instance. Please don't change my K-LOVE.
